Further information:

The Ninja Pool is a captivating, active attraction suitable for guests of all ages. Inspired by the „Ninja Warrior" concept, it comprises five plunge pools divided into three activity areas: one for toddlers with their parents, another for children aged between 8 and 14 and a third for teenagers and adults. Each area is supervised by trained staff and offers an exciting, interactive environment that encourages both participation and spectatorship. If required, we can also link the pools together to create a larger obstacle course for special events or PR activities.
